In an effort to include a geographically, culturally, ethnically, and spiritually diverse group for our conference, the YLC has a limited fund available for financial assistance. Depending on need and experience, the YLC can offer up to €500 in order to cover travel expenses. We are also able to offer financial assistance towards the cost of the conference. In order to determine the most worthy recipients of these travel grants, we ask that anyone participating in the conference complete the following application and email it to us at [ylc@iccj.org](mailto:ylc@iccj.org). The YLC will then reimburse our financial aid recipients at the conclusion of the conference upon receiving a one page summary of the experience or completed feedback form, a final budget of money spent and receipts from any travel and visa spending.

We look forward to hearing from you and hopefully seeing you at our conference this year.

Blessings,

*The Board of the Young Leadership Council*
